PREAMBLE

1.1 Purpose

1.1.1 This Agreement between the City School District of the City of Schenectady, New York, and the Schenectady Federation of Teachers, Local 803 of the American Federation of Teachers is made and entered into on this May 31, 2021, for the period September 1, 2019 through August 31, 2022 in order to define and establish the relationship between the parties.

1.1.2 The primary goal of both parties is the improvement of the educational opportunities offered the youth of Schenectady. This constitutes a public trust equally binding upon the members of the professional staff and the members of the Board of Education. In entering upon this Agreement both parties affirm their intent to work together towards this common goal.

1.1.3 To this end, mutual understanding, cooperation, and effective communication between the Board and its representatives and the professional employees in the negotiating unit must exist. This Agreement represents a mutual understanding as to terms of employment and professional standards and relationships which will encourage cooperative actions. It further establishes additional and more effective means of communication between the employees and the Board and its representatives.

1.1.4 Any portion of this Agreement found to be in conflict with the provisions of any state or national law or regulation shall be deemed void to the extent it so conflicts.

1.1.5 This Agreement defines the relationship between the Board and the teachers. It constitutes the basic policy of the Board with respect to the teachers and no other policies or actions taken by the Board or its representatives shall negate, limit, or take precedence over its terms and provisions.

1.2 Duration of Contract

1.2.1 This Contract shall be in full force and effect from September 1, 2019 through August 31, 2022 and shall be revised and extended from year to year by agreement of the parties to it.

1.2.2 Initial proposals for revision and extension of the contract shall be submitted on or about May 1 by both parties and negotiations shall begin on or before June 10. The school calendar shall be a subject of negotiations. Negotiations concerning the calendar may be conducted as part of the general contract negotiations or separately, pursuant to agreement of the parties. Negotiations concerning the calendar shall be undertaken with a view toward completion by April 1 to facilitate adoption of a calendar by the Board of Education at its regular April meeting.

1.3 Definitions

1.3.1 As used herein, the following terms shall have the meanings given below unless otherwise defined:

1.4 Contract Distribution

1.4.1 This Contract shall be published in the number of one thousand two hundred (1,200) at the joint expense of the parties and distributed to the employees in the negotiating unit, the remainder to be divided equally between the Federation and the Board.

ARTICLE 2

RECOGNITION

2.1 The Board recognizes the Federation as the exclusive organizational representation and bargaining agent for the teachers' negotiating unit as agreed to in a representation proceeding before the Public Employment Relations Board in March 1972. The unit includes: all members of the teaching staff and other certified employees of the employer who are employed during the regular school year, including teachers on special assignment, summer school teachers who are regular teachers during the school year, librarians, school counselors, attendance counselors, speech therapists, behavior specialists, occupational therapists, psychologists, social workers, school nurse-teachers, long-term substitute teachers appointed by the Board for a teacher on an extended leave, department chairpersons, and assistant principals who perform teaching duties fifty percent (50%) or more of the normal teacher schedule, and part-time employees in such positions where remuneration is based on one-half ($\frac{1}{2}$) or more of the annual salary rate for their positions. The unit excludes: superintendent, assistant to the superintendent, assistant superintendents, directors, assistant directors, assistants to a director, principals, assistant principals, assistants to a principal, coordinators, assistant coordinators, supervisors, assistant supervisors, assistants to a supervisor and those in the leadership apprentice program and part-time teachers whose remuneration is based on less than half ($\frac{1}{2}$) of the annual salary rate for their positions.

As the position of Occupational Therapist is a non-certificated position, it is mutually agreed that any reference to the New York State Education Law or Commissioner's Regulations do not pertain to these employees. Also, certain contractual sections will as a result, not apply, as follows: Article 7.5 tenure, Article 7.7.10 Job Security and Article 8 teacher evaluation. (See terms of attached appendix)

It is understood that the Occupational Therapists are covered by the applicable provisions of the New York State Civil Service Law governing competitive class appointments.

2.2 The recognition is based upon the results of a secret ballot election held on March 23, 1972 under the direction of the Public Employment Relations Board, as modified through negotiations. The recognition of the Federation and its period of unchallenged representation status shall be governed by the provisions of the Civil Service Law.

2.3 Nothing contained herein shall prevent any Board official or member of the administrative staff from meeting with any employee organization representing negotiating unit employees for the purpose of hearing the views and proposals of its members, except that the Federation will be given prior notice of any such meeting and shall be permitted a representative to be present at such meeting. However, the Board will not negotiate terms or conditions of employment or the determination and administration of grievances or any other matter covered by this Contract with any organization other than the Federation.

2.4 Notwithstanding this Agreement, each employee retains the individual right to discuss any matter with administrative personnel or with Board members at any time. Nor shall anything contained herein be construed to deny any employee his rights under the New York Civil Rights Law, or under State Education Law, or under applicable laws or regulations.

2.5 Department Chairpersons

2.5.1 The SFT waives any claim to exclusivity with respect to work performed by the Coordinators of Art, Business, English, Foreign Language, Home and Careers, Library, Music, Physical Education, Science, Social Studies, and Technology.

ARTICLE 3

FAIR PRACTICES

3.1 Non-Discrimination

3.1.1 The Federation shall continue to admit persons to membership without discrimination on the basis of race, creed, color, national origin, sex, age, marital status, or political activities or beliefs and will represent fairly and equally all employees in the negotiation unit without regard to their membership or participation in the activities of any employee organization. The Board shall continue its policy of not discriminating against any employee on the basis of race, creed, color, national origin, sex, age, marital status, political activities or beliefs or membership in, or association with the activities of any employee organization. In recognition of the value of diversity of cultural background and viewpoint among the professional staff to both the staff and the students, the Board shall encourage applications from members of cultural and minority groups. Such applicants will be evaluated on a fair and equal basis with all other applicants or employees.

3.2 No-Strike Policies

3.2.1 The Federation and the Board recognize that strikes and other forms of work stoppages by public employees are contrary to law and to public policy. The Federation and the Board agree to abide by the principle that differences shall be resolved by peaceful and conciliatory means without interruption of the school program. The Federation and the Board agree not to adopt inflexible or provocative positions, recognizing that such positions are destructive of the proper spirit of collective negotiations, and the Federation further agrees that it shall not call for, promote, or instigate any strike, work stoppage, or other concerted refusal to perform work by the employees covered by this Agreement.

3.2.2 It is recognized that situations such as the blockage of passage into school by militant assemblages might develop under some of the conditions of today's society. In such

circumstances if, after consultation with the Federation President, the Superintendent of Schools determines that there is imminent danger to the safety of teachers if they enter their regularly assigned school building or remain in such building, the school year and day may be rescheduled during the period of danger for the teachers affected to assure the legally and contractually required school year.

3.3 Impasse

3.3.1 In the case of an impasse the procedures and services of the Public Employment Relations Board shall be used in a good-faith attempt to resolve the impasse.

3.4 Negotiable Matters Not Covered

3.4.1 Before the Board knowingly adopts a change in policy not covered by this Agreement but which affects teachers' terms or conditions of employment, the Board will promptly, but, in no case, later than twenty (20) school days prior to taking action, notify the Federation in writing that it is considering such a change. The Federation will have the right to negotiate with the Board over such proposed change provided that it files such a request with the Board within ten (10) school days after receipt of said notice.

3.4.2 It is recognized by the parties hereto that the Board is negotiating with other organizations representing various negotiating units of the School District. This Agreement, therefore, shall not be deemed to restrict the Board's power to reduce, increase or reassign such personnel of other negotiating units or in any way to affect such other personnel, except as specifically provided by this Contract.

3.4.3 The parties to this Contract agree to negotiate amendments to this Contract which are necessary and/or desirable to facilitate experimental or innovative programs or the flexibility necessary to deal with unforeseen circumstances when such programs or flexibility would be prohibited by the provisions of this Agreement. The Federation's Executive Committee will represent the Federation.

ARTICLE 4

GRIEVANCE PROCEDURE

4.1 Definitions

4.1.1 The parties to this Contract declare their joint intent to encourage the prompt resolution of employee complaints through recourse to the formal procedure described below. Nothing herein shall be construed, however, to prevent any teacher from discussing a problem informally with any administrator in the District.

4.1.2 A grievance is a complaint based on an event or condition which affects the terms and conditions of employment of a teacher, a group of teachers, and/or the interpretation or meaning of any of the provisions of this Agreement or any subsequent agreement entered into pursuant to this Agreement.

4.1.3 An employee or teacher as used herein means any employee in the negotiating unit, a group of such employees sharing a common complaint, or the Federation.

4.1.4 Immediate supervisor shall mean the building principal to whom the employee reports, except that in the case of a grievance arising from administration of a special area, function, or other administrative element, it shall mean the administrator in charge of the special area, function, or administrative element, and may be the Superintendent of Schools.

4.1.5 The term arbitrator shall apply to an experienced impartial person familiar with school problems who shall be selected by agreement between the Board and the Federation from a list prepared by the American Arbitration Association, or such other person as may be mutually agreed upon.

4.1.6 The term representative applies to any person whom the employee may designate to assist in presenting a grievance at any step in the grievance procedure. However, the representative may not be a person acting in an official position of any organization purporting to represent teachers other than the Federation or its affiliates.

4.2 Step One - Initiation

4.2.1 An employee with a complaint shall present a complaint in writing to the employee's immediate supervisor who shall confer with the employee and the employee's representative and make such investigation as the immediate supervisor shall deem appropriate.

Grievances shall be submitted in writing and shall state specifically the contract provision or policy it is alleged has been violated and the reasons the employee bringing the grievance believes they have been violated.

4.2.2 Within ten (10) school days after the presentation of the grievance, the immediate supervisor shall present to the employee a written decision. Copies of this decision shall be sent to such person as the employee has designated as the employee's representative, the Superintendent, the Federation President, and Federation Grievance Committee Chairperson.

4.2.3 If the decision made at Step One is not acceptable to the employee, the employee may file a written request for review or hearing of the grievance at Step Two within ten (10) school days after receiving the decision.

4.3 Step Two - Review or Hearing

4.3.1 The request for review or hearing at Step Two shall be filed with the Superintendent, the Federation President, the Federation, Grievance Committee Chairperson, and the person whom the employee designates as the employee's representative during Step Two proceedings.

4.3.2 The Superintendent shall conclude a review or conduct a hearing within ten (10) school days after receiving a request, therefore. In conducting a review, the Superintendent shall consider the Step One decision, the employee's request for review of the Step One decision and any written material filed by the employee as well as such other material as the Superintendent deems pertinent. In conducting a hearing, in addition to the material set forth in the preceding sentence, the Superintendent shall also receive oral statements from both interested and disinterested parties and shall interrogate persons presenting information in order to elicit all pertinent facts. There may be present at such hearing the attorney for the School District and such other School District personnel as the Superintendent shall request.

4.3.3 The Superintendent shall render a written decision in relation to the appeal within fifteen (15) school days after concluding the review or conducting the hearing.

4.4 Step Three - Binding Arbitration

4.4.1 If the grievance involves a question concerning the interpretation or meaning of the Agreement and if the aggrieved employee is not satisfied with the disposition of the grievance at Step Two, or if no decision has been rendered within fifteen (15) school days after the hearing or the completion of the review, then the Schenectady Federation of Teachers may file a written Demand for Arbitration.

4.4.2 The Arbitrator shall be selected in accordance with the Rules of Procedure of the American Arbitration Association and shall abide by said rules in the conduct of the hearing. The Arbitrator shall limit his/her decision to matters specified in the grievance and to the remedy which he/she stipulates for the resolution of the grievance. The Arbitrator's decision shall be binding upon the Parties. The Arbitrator shall not usurp the functions and duties of the District or limit the proper exercise of its judgment or discretionary powers granted under the Education Law, this Agreement, or any written rule or directive. The Arbitrator shall have no power to add to, subtract from or modify the provisions of this Agreement and shall confine his/her decision solely to the application and interpretation of this Agreement.

Alternatively, the Federation and the District may agree to not use the panel provided by the AAA and may select an arbitrator mutually acceptable to the District and the Union, whose decision shall be final and binding upon the parties.

4.4.3 The Arbitrator shall issue his/her decision not later than thirty (30) days after the closing of the hearing, or if oral hearings have been waived, after the date of transmission of the final statements and supporting papers to the Arbitrator.

4.4.4 The cost of arbitration shall be borne equally by the parties to the grievance dispute.

4.5 General

4.5.1 The Federation shall act in every grievance to assure the rights to fair hearings for all employees in the negotiating unit and to this end is involved in all grievance proceedings. The Federation becomes a party in a grievance dispute when a grievance is filed by the President, a Vice-President, or the Grievance Committee Chairperson on behalf of the Federation membership or on behalf of the employees or a group of the employees for whom the Federation acts as agent.

4.5.2 The filing or pendency of any grievance under the provisions of this Article shall in no way operate to impede, delay, or interfere with the right of the Board to take action to correct a situation complained of in a grievance.

4.5.3 Failure at any step in the grievance procedure to communicate a determination on a grievance within a specified time period shall permit the aggrieved employee to proceed to the next step within the applicable time limits set forth in this Article. All grievances shall be commenced at the appropriate initial step within forty-five (45) school days after the employee knew of the act or condition on which the grievance is based. When a grievance is commenced more than forty-five (45) school days after the actual act or condition on which the grievance is based, the grievant shall establish that the delay in learning of such situation was reasonable and not arbitrary under the circumstances in order to proceed. Determinations concerning this matter are subject to the appeals procedure and ultimately to arbitration.

4.5.4 If a decision at any step is not acceptable to the employee, a written request for initiation of the next step shall be initiated within fifteen (15) school days after receiving the decision, or fifteen (15) school days after the last date by which a decision should have been received.

4.5.5 The time limits specified in any step of this procedure may be extended in specific instances by mutual consent.

4.5.6 Neither an aggrieved employee nor any member of the negotiating unit who participates in any grievance procedure shall be penalized in any way or be subject to reprisals or discrimination by reason of participation in any grievance.

4.5.7 All minutes of and evidence presented during a grievance procedure shall be kept apart from an employee's regular file. Access to these secured materials shall be under direct supervision of the Superintendent. The above information shall not be made available to any persons who are not official party to the grievance either at the time the matter is in active proceedings or at any future date.

An employee working additional months shall be credited with one and one-half (1½) days per month.

6.3.2 Accumulation: Unused temporary (sick) leave shall accumulate to a total of four hundred (400) days. The number of credited accumulative leave days shall be reported to employees as of September 1 during the month of October.

6.3.3 Yearly Minimum: If at the beginning of any year the total credited and accumulated days is less than twenty-three (23), a number of additional days shall be added as necessary to make the number of days available for that school year total twenty-three (23). No teacher may receive such a benefit more than twice in any five (5) year period. Effective September 1, 2017, this provision shall be discontinued and no longer available to any member of the bargaining unit.

6.3.4 Personal Business Days: In each school year five (5) days of accumulative temporary (sick) leave may be used for personal business reasons with no explanation required. A personal business leave may be taken the work days immediately before or after a holiday recess period if such leave was required to attend a funeral of a person not covered in the

Bereavement provision of this Agreement, otherwise personal business leave may not be taken the work days immediately before or after a holiday or recess period and shall not be used for vacation, recreational purposes, or employment by another employer.

6.3.5 Death Benefit: In case of death prior to retirement, a sum of money equal to the current salary day rate times one-fourth (¼) the number of days of temporary leave credited and accumulated but not used as of the day of death shall be paid to the employee's beneficiary or legal representative.

6.3.6 Any employee who is absent for two (2) consecutive weeks or more for reasons of physical disability shall, upon written request from the District, submit a statement from an attending physician indicating the date of the expected termination of the disability.

Family Illness Leave: Employees shall be entitled to paid leave each school year in the event of serious illness requiring bedside or household attention by the employee of an employee's spouse, child, son-in-law, daughter-in-law, parent, father-in-law, mother-in-law, sibling, grandfather, grandmother, aunt, uncle, grandchild, or person in a parental relationship to the employee. Absences due to family illness shall be deducted from accumulated temporary (sick) leave. Nothing herein shall reduce an employee's rights pursuant to the Family and Medical Leave Act or other state or federal law.
- b. Bereavement Leave: Employees shall be entitled to absences with pay due to death of an employee's spouse, child, son-in-law, daughter-in-law, parent, father-in-law, mother-in-law, sibling, grandfather, grandmother, aunt, uncle, grandchild, or person in a parental relationship to the employee. All absences due to death shall be deducted from accumulated temporary (sick) leave.

6.4 Non-Cumulative Temporary Leave

6.4.1 Employees shall be entitled to the following absences with pay each school year in addition to the leave specified heretofore:

- a. Not exceeding three (3) days for religious reasons which require absence during school hours.

- b. Time necessary to appear in any legal proceeding connected with the employee's employment or with the school system, or for the performance of jury duty, or because the employee has been subpoenaed in a legal matter to which the employee is not a party. An employee taking such leave shall reimburse the School District for fees received in excess of expenses.
- c. Not exceeding two (2) days for the purpose of visiting other schools or for attending meetings or conferences of an educational nature, upon the written approval of the Superintendent. Additional days for these purposes may be granted by the Superintendent upon written application. 6.5 Extended Leave

6.5.1 Leaves of Absence: Leave without pay shall be granted to tenured employees for the reasons and periods indicated below.

- a. Teaching: Leave will be granted up to one (1) year for exchange teacher service to gain experience in another system and up to two (2) years for Peace Corps, VISTA, or National Teacher Corps service. Upon returning, an employee shall be considered as though employed by the Board during the period of leave and shall be placed on salary step accordingly.
- b. Illness: Leave will be granted up to two (2) years beyond the period of accumulated temporary (sick) leave as necessary to recuperate from the illness.
- c. Personal: Leaves will be granted for one (1) full year for personal reasons with extensions granted at the option of the Board. Leaves of absence for full-time employment in another school district shall be at the sole discretion of the Board of Education. Leaves for less than one (1) year for personal reasons may be obtained upon approval of the Superintendent. Such leaves may also be extended for up to one (1) year upon approval of the Superintendent. Any teacher who engages in employment not specified in the application or later approved by waiver shall be deemed to have resigned. Minor employment shall be exempt from this restriction. Applicants will attempt to arrange such leave to commence at the beginning of a semester and to end at the end of a semester to the extent possible.

6.5.2 Military Leave: Leave will be granted for military duty as provided by law. The employee shall be paid the employee's salary while engaged in ordered military duty, not exceeding thirty (30) days in any one (1) calendar year. Upon return an employee shall be considered as though employed by the Board during the period of leave and shall be placed on salary step accordingly but with salary step advancement limited to a maximum of four (4) years.

6.5.3 Childrearing Leave: Leave without pay shall be granted an employee for a childrearing leave during an employee's pregnancy and for up to two (2) years following the birth of the employee's child. Notice of such leave shall normally be submitted to the District at least forty-five (45) calendar days prior to the commencement of such leave. A tenured teacher who returns to duty within the same school year during which such leave commenced and within both six (6) months of the start of such leave and at least four (4) months prior to the close of the school year shall be returned to her prior teaching assignment when possible. For non-tenured employees the period of leave shall be considered an interruption of the probationary period. No employee shall accumulate additional leave days during childrearing leave. Such leave will also be granted to an employee who adopts a child provided the leave does not extend beyond the adopted child's second birthday and the child is six (6) months of age or less at the time of adoption. In adoptions involving children from other countries, such leave will be granted provided the child is less than six (6) months old at the time the adoption arrangements are made.

6.5.4 Professional Activity Leave: Leave without pay will be granted an employee designated by the Federation for up to two (2) years to engage in teacher organization activities. Upon return the employee shall be regarded as though employed by the Board during period of leave and shall be placed upon salary step accordingly.

6.5.5 Accumulated Length of Leaves: Any combination of leaves taken pursuant to section 6.5 shall not exceed a consecutive period equivalent to three (3) school years.

6.5.6 Application: All applications for leave under this Section shall be made and leaves granted in writing.

6.5.7 Notice of Return: An employee on leave for a year or more shall notify the Superintendent of the employee's intent to return to service at least five (5) months before the end of the leave period. In case notice is not received, the Superintendent shall send a letter of inquiry to the employee at the employee's permanent mailing address. Failure to notify the Superintendent within one (1) month of inquiry shall constitute a resignation. An employee on half-year leave of absence shall notify the Superintendent of the employee's intent to return sixty (60) days before the end of the leave period. Failure to so notify the Superintendent shall constitute a resignation.

6.5.8 Status on Return: All benefits to which a tenured employee was entitled at the time a leave of absence commenced, including unused accumulated sick leave, will be restored upon return, and the employee will be assigned to the same position held at the time said leave commenced, if available, or, if not, to a substantially equivalent position. An employee who

returns from such leave will be placed on at least the same level of the salary schedule the employee was on when the leave commenced except that an employee having served at least five (5) months in the school year in which the leave commenced, and not returning within such school year, shall be placed on the next higher level of the salary schedule.

6.6 Sabbatical Leave

6.6.1 Upon recommendation of the Superintendent, sabbatical leave may be granted an employee who has served at least seven (7) years in the school system (extended leave time excepted) for study and for other purposes of value to the school system. An employee granted a sabbatical leave shall sign a statement committing to return to the School District for one (1) year following the termination of the sabbatical leave.

6.6.2 The Board shall grant such leaves for one percent (1%) of the total number of employees in the system each year, provided such number of applications are received and that a satisfactory replacement for the applicant can be obtained.

6.6.3 Applications for sabbatical leave must be submitted by March 1 of the school year before the year for which the leave is requested. Employees shall be notified of the action taken on their applications by April 1.

6.6.4 Preferment in the granting of sabbatical leaves shall be given to applicants engaged in full-time formal study at the graduate level except that an applicant planning informal study, part-time study, research and/or other activities of value to the District who has not been granted sabbatical leave during the preceding ten (10) years shall be granted sabbatical leave on a basis of equality with other applicants.

6.6.5 Sabbatical leaves for one (1) year shall be at a half ($\frac{1}{2}$) salary and sabbatical leaves for a half ($\frac{1}{2}$) year shall be at three-quarters ($\frac{3}{4}$) the salary the employee would have received in the employee's regular assignment. Salary step credit shall be granted for the period of sabbatical leave.

6.6.6 Any employee granted a sabbatical leave who engages in employment not approved for such leave (or later approved by waiver) shall be deemed to have resigned. However, minor employment supplementary to the purpose of the leave shall be exempt from this restriction.

6.6.7 An employee who has been granted a sabbatical leave shall not be eligible for an additional sabbatical leave unless the employee has worked seven (7) years in the school system (extended leave time excepted) since completion of the earlier sabbatical leave.

6.7 Payroll

6.7.1 Paydays: Payment of salary and other compensation shall be made in the twenty-one (21) payments every other Friday. In addition, on the Friday of the first week of school all full-time teachers will receive a flat payment of five hundred (\$500) dollars less compulsory deductions which will be deducted from the fiscal year gross salary prior to calculating the gross salary per pay period for the school year. Whenever a payday and vacation or recess day coincides, payment shall be made on the last day of school preceding the payday, provided such day is at least seven (7) school days after the immediately prior payday. A copy of the payday schedule shall be furnished each employee during the first week of school.

The District, in its discretion, may pay employees on a semi-monthly basis. Prior to the issuance of any change in payroll practice, the District shall provide at least three months' notice to the Federation. The parties are required to agree on the school pay dates should this option be implemented.

6.7.2 Summer Recess Optional Pay: Upon the request of an employee the Board will defer sixteen percent (16%) of the employee's pay from each paycheck until the end of the school year for payment with the last paycheck.

6.7.3 Deductions:

- a. The Board agrees to make periodic deductions from the employee's pay for Federation dues, Federation group insurance, medical insurance, tax sheltered annuities, Teachers' Federal Credit Union, United Way Fund, and Vote Cope, as the employee may direct in writing and for such other purposes as the Federation shall request, the Board agree to, and the employee direct.

The District shall remit employee contributions directly to the federal banking system for employee purchased U.S. Savings Bonds.

- b. When the new computer system is operational, the District shall check off and remit payments to the NYSUT Benefit Trust upon submission of a signed authorization to the payroll office for any NYSUT Member or Agency Fee Payee. Such signed authorization may be discontinued at the end of the term upon written notice by the employee to the District. The District shall remit to the NYSUT Benefit Trust the payments deducted and shall furnish the Plan and the Federation with a list of all employees from whose salaries such deductions have been made.

6.7.4 Direct Deposit

Effective February 1, 2021, all district payments including payroll will go to an electronic direct deposit system with an electronic pay stub. For any member

wishing to opt out of either direct deposit or electronic pay stub service due to extenuating circumstances, a written request will be made to the business office.

Barring any unforeseen circumstance, if the District is not able to provide electronic payment, an email communication will be sent with at least ten (10) business days advance notice. Live paychecks will be issued to staff in their home building, or in the event of an emergency, the Superintendent and the Association President could alter the location of the live paycheck distribution.

6.8 Additional Employee Benefits

6.8.1 Tuition Charges: The dependents of members of the bargaining unit who live outside the District shall be allowed to enroll in the Schenectady City School District. The District shall waive all tuition charges for such enrollment.

6.8.2 Tuition Charges: Any member of the bargaining unit with dependents enrolled in the District shall have the right to determine in which District school(s) those dependents shall be enrolled. This enrollment shall depend on the availability of space in that school.

6.8.3 Teachers may obtain a pass to attend athletic events without charge from the Athletics Office Administrator or designee.

ARTICLE 7

EMPLOYEE RIGHTS AND PROTECTION

7.1 Employment

7.1.1 Salary Step Placement: A new employee shall be placed on the proper step of the salary schedule according to their experience and education. Upon initial employment all credit, to a maximum of nine (9) years for previous outside experience in a duly accredited school shall be granted for salary placement and career teacher incentive purposes. A reinstated employee or an employee who has been rehired within five (5) years of the date of resignation from the District and not covered by Section 7.1.3 of this Agreement shall be restored to the salary step placement that they occupied when they left the District. An employee rehired after five (5) years from the date of resignation from the District shall be considered a new employee.

Additional credit not to exceed four (4) years for military experience and not to exceed two (2) years for Peace Corps, VISTA, or National Teacher Corps work will be given upon initial employment.

Credit shall be given upon initial employment for work experience in the case of social workers, psychologists, librarians, technical personnel, and technical teachers. Employees receiving credit

for years of work or field experience above and beyond their teaching experience shall receive one (1) salary step for each year of experience not including apprenticeship and preparation. The maximum number of credits for such experience will be eight (8).

The District shall not be obligated to grant more than a total of seventeen (17) years credit to any new employee. This maximum allowance shall be determined by the total year's credit for previous teaching, military, work, field, or any other experience enumerated in this Section.

7.1.2 Certification: No uncertified person shall be employed for a position if qualified certified personnel are available.

7.1.3 Re-employment: Employees who have resigned or been granted leave from the Schenectady School System having worked at least five (5) months in the school year of the resignation and not returning within the year of their resignation will, upon returning to the system, be restored to the next position on the salary schedule above that which they left except they shall be further advanced as indicated by further education and experience. Previously accumulated unused leave days will be restored to all returning tenured teachers.

7.2 Assignment

7.2.1 Notification: Teachers will normally be notified in writing of their assignments for the coming school year including the schools to which they will be assigned, the grades and/or subjects they will teach, and any special or unusual classes or pupils they will have no later than May 10th. If, after the last scheduled day of school in any school year, it becomes necessary to change the then current building, grade level, or subject assignment of any employee covered by this Agreement, the District will notify the employee by registered mail of such a change.

7.2.2 Certification: To assure that pupils are taught by teachers working within their areas of competence, teachers shall not be assigned, except with the written consent of the teacher involved, outside the scope of their teaching certificate and/or their major or minor fields of study, except temporarily and for good cause in the case of secondary teachers who may be assigned one (1) period outside their certification areas.

7.2.3 Scheduling: In arranging schedules for employees assigned to more than one (1) instructional facility, an effort will be made to limit the inter-instructional facility travel. Such teachers will be given one (1) month or longer notice of any changes in their schedules. Affected faculties will also be notified of the change.

7.2.4 Fair Practice: Assignments will be made without regard to race, color, creed, religion, nationality, sex, or marital status unless based on a bona fide occupational or educational requirement.

7.3 Transfers

7.3.1 Requests for Voluntary Transfer: An employee desiring a change in building assignment or desiring a change in grade and/or subject assignment involving a change in building assignment may inquire at any time to ascertain the possibility of such a vacancy and may file a written request for such a change of assignment at any time with the appropriate assistant superintendent. Such request should specify the grade and/or subject to which the employee desires to be assigned and the school or schools to which the employee desires to be transferred. In conjunction with Article 7.3.3.a this section applies to the filling of vacancies occurring during June, July, and August.

7.3.2 Criteria: In evaluating a request for voluntary transfer these factors shall be weighed:

1. The preference of the employee and the date of the request,
2. Ability to perform in the new position as indicated by certification,
3. Educational qualification and experience in comparable positions, and
4. The judgment of the administrator(s) in charge of both the present and future assignment as to whether the applicant can perform most satisfactorily if there are two or more applicants.

When more than one (1) qualified employee has requested transfer to the same vacancy, and other factors are equal, preference shall be given first to the person with the greatest service within the department or elementary school programs in the District, next to the person with the greatest teaching experience in the District, and finally to the person with the greatest overall teaching experience.

7.3.3 Notification: All vacancies in the negotiating unit for the following year which are not filled by reassignment within a building shall be posted in all schools and electronically to all bargaining unit members or otherwise published by May 1 and thereafter biweekly as they occur until June 1st, and shall not be filled until seven calendar days after publication.

- a. During the period of June 1st through August 15th, and up to fifteen (15) school days after the start of school, posting shall not be deemed necessary but vacancies shall be filled with reference to requests made under Section 7.3.1 and in accordance with the criteria outlined under Section 7.3.2.
- b. During the period following fifteen (15) school days after the start of school the posting of a vacancy may be deferred until May 1 and the position filled to the end of the school year by temporary assignment.

7.3.4 Involuntary Transfer: An involuntary transfer or reassignment may be made only after a meeting between the teacher involved and the Assistant Superintendent in charge, at which time the teacher will be notified of the reasons thereof. In case of a need to reduce staff in a given building, the employee selected for involuntary transfer shall ordinarily be that employee in the affected function with least service with the District. When a building is closed or a teacher is involuntarily transferred or reassigned, those employees shall retain the building seniority rights they had accrued prior to the transfer. Notice of an involuntary transfer or reassignment shall be given pursuant to Section 7.2.1.

7.3.5 Employees being involuntarily transferred shall be notified of the positions available in their tenure area. Such teachers may request transfer in order of preference, to those positions which they prefer. There shall be no involuntary transfer from one (1) tenure area to another and when involuntary transfer of reassignment takes place the procedures under Section 7.3.2 shall apply.

7.3.6 No teachers shall lose salary step or salary schedule position or graduate study or career teacher incentive credit due to transfer within the negotiating unit.

7.4 Preferment

7.4.1 Qualified employees in the negotiating unit shall have preferment for assignment, reassignment, transfer, or promotion to openings which may occur when other factors of qualification are substantially equal. In hiring personnel for summer school, after-school programs covered under this Contract, coaching, and other extra duty pay positions, assignments shall be made from among qualified applicants in the bargaining unit to the extent possible. The criteria outlined in Section 7.3.2 shall be used in evaluating the qualifications of applicants.

7.4.2 In selecting from among equally qualified applicants the persons with the most service in the District shall be chosen for promotion and for summer and after-school program assignments covered by this Contract. In selecting from among equally qualified applicants for coaching positions, physical education personnel within the negotiating unit shall have preferment over other applicants. In making assignments within a building, preferment among equally qualified applicants shall be given the applicant with longest service in the building.

7.4.3 It is recognized that applicants from outside the negotiating unit who possess qualifications superior to those of applicants in the negotiating unit may be hired.

7.5 Tenure

7.5.1 General:

Prior to July 1, 2015, tenure shall be granted to full time probationary appointments following three (3) years of satisfactory service. Effective July 1, 2015, tenure shall be granted to full time probationary appointments following

four (4) years of satisfactory service. With respect to tenure areas, the granting of tenure and rights which adhere to tenure, the regulations of the Board of Regents, the Commissioner of Education and the Statutes of the State of New York shall be followed. If there is any conflict between the provisions contained herein and applicable statutes or regulations, the statutes and regulations shall control.

7.5.2 Transfer of Tenure Area:

An employee holding tenure but transferring to a position outside his tenure area shall be eligible for tenure after serving satisfactorily in the new tenure area for three (3) years provided that the teacher demonstrates that he or she received the required annual professional performance review ratings.

A probationary employee who has served satisfactorily in one (1) tenure area who is transferred to a new tenure area will be required to serve a total of not more than four (4) years in the new tenure area and demonstrate that he or she received the required annual professional performance review ratings before being eligible for tenure.

7.5.3 Return to Tenure:

An employee who has resigned from the District while on tenure who returns to employment in the same tenure area within five (5) years shall be eligible for tenure after three (3) years provided that the teacher demonstrates that he or she received the required annual professional performance review ratings.

7.6 Promotion

7.6.1 Opportunity to Apply: All Schenectady employees shall have an opportunity to apply and compete for any temporary or permanent supervisory staff, department chairperson, or middle school curriculum leader position. Temporary vacancies are excepted which are being filled from within the supervisory staff, which are only until the end of the current semester or ninety (90) days whichever is more, or which are summer session positions of less than six (6) weeks. Notification shall be posted in all buildings at least fifteen (15) school days before the final date for application submission. The notification shall specify the minimum requirements for the position; any reduction in such minimum requirements shall necessitate a reposting of the vacancy and a new application period. The Federation President shall be informed of all such promotional vacancies, temporary or permanent. Any such promotional vacancies which may arise during the summer recess shall also be posted in summer school buildings and in the central administration offices and shall be released to the local press.

7.6.2 Advance Application: Any employee desiring promotion to a supervisory staff position may submit his/her name to the Superintendent who shall notify the employee of any

openings in the supervisory staff which may arise. While the employee is on extended or sabbatical leave or during the summer recess, such notification shall be sent at least three (3) weeks before the final date for submission of applications to the last known address of such persons on leave.

7.6.3 Fair practices shall be observed in the filling of promotional vacancies. Preferment shall be granted employees of the District when other factors of qualification are substantially equal. An unsuccessful applicant will be granted a written notification of rejection, and upon request an oral or written statement of the reason for the rejection.

7.7 Protection

7.7.1 Assault: An employee will immediately report any case of assault suffered in connection with employment to the principal or immediate supervisor. The administration will take positive action to assure the future health and safety of the employee. Such action may in extreme cases include legal action against the assailant and exclusion from the school.

7.7.2 Legal Defense: The Board agrees to hold employees harmless for all financial loss, including reasonable attorney's fees, arising out of any claim, demand, suit, criminal prosecution, or judgment by reason of any act or omission to act by such employee while serving within the scope of his employment in the discharge of his duties.

7.7.3 Payment of Loss: The Board shall reimburse loss resulting to an employee from taking students on trips authorized by the District, provided the employee was acting in the discharge of duties within the scope of employment, and the Board shall reimburse an employee for any additional premiums on the employee's automobile insurance up to a maximum of three (3) years resulting from an accident which occurs on such a trip and for any losses in excess of the employee's policy limits.

7.7.4 Notification: An employee must notify the School Business Administrator of any accident or claim which might be covered by this Section within ten (10) days after the accident occurs or the employee knows of the claim. In addition, an employee shall within ten (10) days of the time the employee is served with any summons, complaint, process, notice, demand, or pleading, deliver the original or a copy thereof to the School Business Administrator.

7.7.5 Personnel Files: A personnel file on an employee shall be maintained by the building principal or supervisor and by the central administration. An employee's file shall be open for inspection by the employee at any time but to no others except supervisory staff members whose duties actually require access to the file. No material derogatory to an employee's conduct, service, character, or personality, or which might reasonably be considered derogatory, shall be placed in the file until the employee has read the material and signed the copy to be filed to indicate the employee has read the item. The employee shall have a right to comment on or answer any derogatory material filed and the employee's notation shall be affixed

over the material commented on. Should an employee refuse to sign a copy of **any** material, indication of such refusal shall be sent to the employee and the Federation building representative. The building representative will acknowledge receipt thereof in writing. In the event that the employee fails to sign the copy within five (5) days after receipt of the notification, the material, together with the notification, shall be placed in the employee's file and a copy given to such employee.

7.7.6 Right of Confrontation: An employee shall have a right to confront any person who lodges a charge against the employee with the administration. No disciplinary action can be taken against the employee if the complainant refuses such confrontation unless the administration possesses documentary evidence and/or independent confirmation and substantiation of the charge to justify disciplinary action. No written notation or record of an oral complaint received by the administration from any source shall be placed in the employee's personnel files.

7.7.7 Freedom of Association: No employee shall be subject to censure, reproof, discrimination, or any disciplinary action by the Board or by the administration or lose any right or privileges because of the employee's association or lack of association with any legal organization or activity, or because of the responsible exercise of the employee's constitutional rights and obligations.

7.7.8 Academic Freedom: In following the curriculum, teachers should encourage students to develop considered, responsible, rational positions on issues of concern. Neither the Board nor the administration shall proscribe ideas, speech, publications, or school materials to be used in the development of responsible ideas.

7.7.9 Loyalty Oath: The Board agrees that it will not require any employee to complete an oath or affirmation of loyalty unless such requirement is established by law.

7.7.10 Job Security: Whenever the Board of Education abolishes positions, any teachers whose positions are abolished shall be assigned to vacancies in their areas of certification on the basis of seniority in the system. Any tenured teachers for whom no vacancies are available in their areas of certification shall be assigned to such vacancies for which they can qualify within a period of one (1) year, provided the Superintendent is not denied an excuse of default certificate.

This provision shall not be construed to affect in any way the rights of the Board of Education to terminate a non-tenured teacher during his/her probationary period for reasons other than the abolishment of a position.

7.7.11 Just Cause: Charges made by the Board of Education which might result in the discipline (including reprimand) or discharge of a tenured teacher shall be for just cause and shall be reviewable through the grievance/arbitration provision of the Agreement.

The election by a tenured teacher to submit such a grievance to arbitration shall automatically constitute a waiver of all other remedies or forums which otherwise might be available.

7.8 Student Teacher Supervisors

7.8.1 Student teacher supervisors shall:

1. Have at least provisional certification.
2. Make the request for a student teacher in writing.
3. Not have more than one (1) student teacher per school year unless there is an instance in which no other teacher wants to have a student teacher.

The School District agrees to foster cooperative student teaching relationships with selected colleges and universities.

7.8.2 The Administrator will inform all teachers, in writing, of the procedures for applying for student teachers.

7.8.3 Tuition Waiver Transfer Pool: Supervising teachers who have worked with SUNY student teachers and who do not intend to use tuition waivers received therefore may transfer the tuition waiver to a pool maintained by the Superintendent for the benefit of School District employees. Transferred waivers will be allocated on a building level to applicants according to the priorities listed below:

1. Professional staff member who earned a waiver privilege in the past, did not use it but needs one now.
2. Professional staff member who has had, or now has, a student teacher from a college which does not extend the waiver privilege.
3. Professional staff member matriculated in a degree-awarding SUNY graduate program.
4. Other professional staff members.

Assignment shall be made first to employees represented by the teachers' negotiating unit in any of the four (4) categories above, and then, in the absence of any such employees, to other professional employees. Information concerning the availability of tuition waivers will be posted quarterly. However, employees who wish to transfer waivers they have earned to members of their immediate family may do so providing the person to get the waiver is employed by the School District. In such a case, the person transferring the waiver relinquishes all rights to be considered in a higher priority by virtue of having given the waiver. Waivers not used at the building in which they were turned in shall be transferred to a district-wide tuition pool ninety (90) days before they expire, which shall be administered in the manner specified above.

ARTICLE 8

TEACHER EVALUATION

The Annual Professional Performance Review Plan (APPR) for bargaining unit members required to be evaluated pursuant to Education Law Section 3012-d shall be conducted in accordance with the District's APPR Plan which is attached as Appendix B.

Members of the bargaining unit who are not required to be evaluated pursuant to the provisions of Education Law Section 3012-d shall be evaluated in accordance with the provisions of this Article.

8.1 Purpose of Evaluation of Teaching

8.1.1 Effective evaluation of teaching should result in personal professional growth which in turn will provide:

1. A highly qualified permanent staff, and
2. A continuum of quality education for all students.

8.2 General Principles

8.2.1 The responsibility for the evaluation of teachers is shared by principals, directors, supervisors or coordinators, department heads, and assistant superintendents according to Section 8.4. Since the primary responsibility of evaluations rests with the principal of the school, or, in the case of special teachers, with their supervisors, all evaluators share with the principal or supervisor information regarding the teacher's performance.

8.2.2 The basis of comparison used in evaluating teaching shall be the performance of teachers of similar experience and professional preparation.

8.2.3 Effectiveness of evaluation hinges upon the establishment of a cooperative, constructive relationship between the evaluator(s) and the person being evaluated.

8.2.4 Introduction to the evaluation form shall be part of the probationary teachers' orientation to the school system. Teachers not beginning employment in the fall will receive this information from their immediate supervisors within ten (10) school days. In the case of Pupil Personnel Services employees designated as school nurse-teachers, attendance counselors, school counselors, school psychologists, and school social workers, a P.P.S. evaluation form (Part I & II) will be used in lieu of the regular evaluation forms by the respective principals and supervisors according to the provisions herein.

8.2.5 Nothing herein shall be interpreted to prevent informal visits to classrooms by administrators.

8.2.6 Nothing herein shall prevent a principal from delegating the process of evaluating to an assistant principal.

8.3 Observations and Evaluations

8.3.1 All monitoring or observation of the work performance of a teacher will be conducted openly, with full knowledge of the teacher.

8.3.2 Public address, audio systems, or similar surveillance devices shall not be used.

8.3.3 Teachers will be given a copy of any class visit report or evaluation report prepared by their supervisors at least one (1) day before the discussion conference.

8.3.4 No such report shall be submitted to central administration, placed in a teacher's file, or otherwise acted upon without a prior conference with the teacher and signature by the teacher to indicate he has read and understood it and had an opportunity to reply to it.

Teachers of pupils in Kindergarten through Grade 6 have an obligation to conduct one (1) parent-teacher conference a year for each pupil outside of the teacher day. Such conferences shall be conducted within the months designated by the District. Number of Teachers To be Supervised	Days per Week for Supervision

however, that the teacher notify the building principal of the arrangements and the reasons therefore as long in advance as possible.

9.4.5 In the event that the School District is unable to locate a substitute for an elementary special area teacher who is absent, the principal will make arrangements to ensure that the elementary classroom teacher will receive compensatory planning time within ten (10) school days of said absence. Although an effort will be made to hire a substitute for the special area affected, this will depend on the specific complexities related to scheduling in each building since such arrangements must be made without creating conflicts with other special areas such as speech and language, remedial reading, remedial math, music, resource room, instrumental music, art, bilingual tutoring, child study team tutoring, and physical education.

Teacher Improvement Plans

A TIP must be initiated whenever a teacher receives a rating of developing or ineffective in a year-end evaluation. Both the teacher and administrator will meet for an evaluation conference

at the end of the school year where the developing or ineffective evaluation is discussed. A TIP is designed by the building principal or designee in collaboration with the teacher and the President of the Schenectady Federation of Teachers or designee. The TIP must be in place no later than ten days after the date on which teachers are required to report prior to the opening of classes for the school year. An initial conference is held at the beginning of the school year where the TIP is discussed, signed, and dated at the beginning of its implementation.

The teacher must be offered the opportunity for a peer mentor. The teacher will select the mentor, with the approval of the Superintendent and the Federation President. If the teacher cannot decide on a mentor, the Superintendent and the Federation President, or designees, will select a mentor. All dealings between the mentor and the teacher will be confidential. The mentor and the teacher will collaborate during the first quarter. During that time, the teacher will be observed by designated members of the administrative team who will concentrate on observing and evaluating goals identified in the TIP. A member of the administrative team will meet with the teacher in a timely manner (within 3 school days) to discuss the observations. Written observation summaries will be provided (within 7 school days) and must be signed by both parties. The teacher will have the right to respond to observation summaries and responses will be attached.

After the first quarter of teacher/mentor collaboration, the administration will assess the effectiveness of the intervention and the level of improvement. Based on that assessment, the TIP may be adjusted appropriately and quarterly meetings among all parties will continue. At the end of the year, if the TIP goals are met, it will terminate. The culmination of the TIP will be communicated in writing to the teacher and signed by both parties. If the teacher is again rated as developing or ineffective, a new plan will be developed by the teacher and the building principal in collaboration with the Association for the next school year.

Also, at the end of the school year in which a TIP was in place, the administration shall provide the teacher with a summative evaluation for the school year which includes an APPR rating of highly effective, effective, developing, or ineffective. The teacher upon receiving this summative year end APPR rating shall have the appeal rights accorded under the APPR Plan.

All costs associated with the implementation of a TIP including, but not limited to, tuition, fees, books, and travel, shall be borne by the District in their entirety. No disciplinary action predicated upon ineffective performance shall be taken by the District against a teacher until a TIP has been fully implemented and its effectiveness in improving the teacher's performance has been evaluated. No disciplinary action shall be taken by the District against a teacher predicated on an ineffective rating who has met the performance expectations set by a TIP; however, nothing shall be construed to restrict or limit the district's right to deny tenure, or to otherwise terminate a probationary teacher, in compliance with law and the collective bargaining agreement.

The TIP must consist of the following components:

- I. **Specific Areas for Improvement:** Identify specific areas in need of improvement. Develop specific, behaviorally written goals for the teacher to accomplish during the period of the Plan.
- II. **Expected Outcomes:** Identify specific recommendations for what the teacher is expected to do to improve in the identified areas. Delineate specific, realistic achievable activities for the teacher.
- III. **Resources:** Identify specific resources and support systems available to assist the teacher to improve performance. Examples: colleagues; coaching; role playing activities; visitations; courses; workshops; peer visits; materials; etc.
- IV. **Responsibilities:** Identify responsible administrator(s) and steps to be taken by administrator(s) and the teacher throughout the Plan. Examples: classroom observations of the teacher; supervisory conferences between the teacher and administrator(s); written reports and/or evaluations, etc.
- V. **Evidence of Achievement:** Identify how progress will be measured and assessed. Specify next steps to be taken based upon whether the teacher is successful, partially successful, or unsuccessful in efforts to improve performance.
- VI. **Timeline:** Provide a specific timeline for implementation of the various components for the TIP for its final completion. Identify the dates for preparation of written documentation regarding the completion of the Plan.

Appeals Process

A. Teacher Request for Supporting Documents

Within five school days of receipt of the APPR, a teacher may request, in writing, that the administrator issuing the APPR provide to the teacher a copy of any and all documents and written materials upon which the APPR was based. The authoring administrator shall provide all such documents to the teacher and the Director of Human Resources within five school days of the request. Only materials provided in response to this request shall be considered in the deliberations as to the validity of the APPR.

B. Right to Appeal

- 1.) Only tenured teachers who receive an APPR rating of “ineffective” or “developing” may appeal their APPR through the procedure herein. A teacher may file only one appeal from a single APPR.
 - a. During the first year of implementation of this plan (i.e. 2012-13), the Superintendent and the President of the SFT shall jointly review all appeals from a teacher with an overall rating of “Developing” to determine if the appeal has sufficient merit to be moved forward to the Appeals Committee

2.) Probationary teachers may not file appeals through the procedure established herein but may file a written rebuttal which shall be attached to the APPR. Probationary teachers only may challenge claims of APPR procedural violations through the contractual grievance procedure.

A. Filing of Appeal by Tenured Teacher

A tenured teacher may file a written appeal of the APPR within ten school days of the receipt of the requested supporting documents. Any appeal shall be filed with the superintendent of schools.

An appeal of an APPR must be based upon one or more the following grounds:

- a. The substance of the APPR;
- b. The District's failure to adhere to the standards and methodologies required for the APPR that are set forth in *Education Law*§3012-c and applicable rules and regulations;
- c. The District's failure to comply with locally negotiated procedures; and
- d. The District's failure to issue and/or implement the terms of the Teacher Improvement Plan, where applicable, as required under *Education Law*§3012-c.

The written appeal document must clearly identify the grounds for appeal, and shall explain, in detail, why the appealing teacher believes the APPR should be modified.

B. Review by APPR Appeals Committee

Appeals shall be referred for consideration by the APPR Appeals Committee, a standing committee made up of two tenured administrators from within the District appointed by the superintendent of schools, and two tenured teachers from within the District appointed by the president of the SFT. All members of the committee shall be appointed for a term of three years, and all members shall be required to complete the training required of lead evaluators under the APPR regulations. The parties agree that in the event the work of the committee would require a member of the committee to consider an appeal from an APPR that the committee member authored, or if a member of the committee wishes to be excused from consideration of any appeal, the appealing teacher shall have the option of either having the appeal considered by a subcommittee of one administrator and one teacher, or having the appeal considered by the remaining members of the committee and a substitute member selected, for that appeal only, by the superintendent of schools, in the event an administrator is excused, or by the president of the SFT, in the event a teacher is excused. While substituting administrators must have completed the training required of lead evaluators under the APPR regulations, such training shall not be required of substituting teachers.

The APPR Appeals Committee shall convene to consider the appeal within ten school days of

the filing of the appeal. The committee shall determine its own rules and procedures, which may be altered as the Committee sees fit as it performs its duties. The committee shall determine, for example, whether to allow committee members to review the documents underlying an APPR prior to the convening of the committee, and whether to invite either the appealing teacher or the authoring administrator, or both, to address or be questioned by the committee.

It shall be the duty of the committee to answer the question, “Has the teacher demonstrated that the APPR should be modified?” In the course of answering this question, the committee may consider claims of procedural violations and shall determine whether the claimed violations are significant enough to modify the APPR.

C. Determination of Appeal

Upon the conclusion of its consideration of an appeal, each member of the committee shall vote to either to uphold the APPR or modify the APPR. If the committee unanimously agrees on one of these choices, the committee shall give written notice of its decision to the appealing teacher, the president of the SFT and the superintendent of schools, and the decision of the committee shall be final.

In the event the committee is not unanimous in its decision on an appeal, each member of the committee shall write a brief statement setting forth and explaining his or her recommendation for disposition of the appeal. The committee members’ written statements, together with the full record of the appeal, shall then be forwarded to two educators, each of whom shall be jointly selected and jointly appointed by the superintendent of schools and the president of the SFT. The decision of these two educators shall be in writing and will have as attachments all the committee members’ written statements attached thereto. This decision shall be final and there shall be no further appeal available.

D. Exclusivity of Appeal Process

The APPR appeals process set forth herein shall be the sole method of appealing either an APPR or claimed violations of the procedural or substantive requirements of the APPR process. Except as specifically allowed in Section B2, there shall be no appeal allowed through the contractual grievance procedure or to any administrative or judicial tribunal.

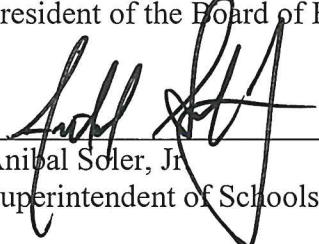

COMPLIANCE WITH SECTION 204-A OF THE CIVIL SERVICE LAW:

"IT IS AGREED BY AND BETWEEN THE PARTIES THAT ANY PROVISION OF THIS AGREEMENT REQUIRING LEGISLATIVE ACTION TO PERMIT ITS IMPLEMENTATION BY AMENDMENT OF LAW OR BY PROVIDING THE ADDITIONAL FUNDS THEREFORE, SHALL NOT BECOME EFFECTIVE UNTIL THE APPROPRIATE LEGISLATIVE BODY HAS GIVEN APPROVAL."

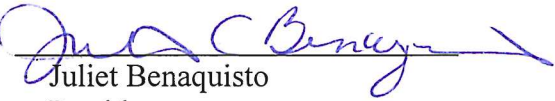

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be signed in their names and on their behalf by their respective representatives.
